Celebs and designers including Alexander McQueen, Clements Ribeiro, Johnny Vegas and Lucienne Day have each created an exclusive mug design in order to raise money for Shelter, the housing and homeless charity.

Participants were given carte blanche in their design; the only requirement was that they worked from a palette of colours chosen by ELLE Decoration's Editor, Michelle Ogundehin.

Available at Heal's stores nationwide and online at www.heals.co.uk and priced at £10.
